

GLOBAL STANDARD FOR FOOD SAFETY INTERNAL AUDITOR

■ ■ ■

This course is designed for new auditors or auditors with no prior experience with the Global Standard for Food Safety. Topics covered in this course include a summary of the standard and how to conduct an audit, from the planning stage to writing the final report and providing a grading to the client. At the end of the course attendees have the option to sit an examination to become a registered Global Standard for Food Safety Internal Auditor.

KEY BENEFITS

- › Learn auditing concepts and gain an understanding of the skills and attributes required for a Global Standard for Food Safety Auditor.
- › Gain an in-depth and practical understanding of the standard's requirements with particular reference to implementation, audit management and reporting.
- › Learn to formally audit and implement a documented system to comply with the standard's requirements.
- › Gain confidence in report writing in support of certification body audits.

WHO SHOULD ATTEND

- › Technical and Quality Managers
- › Internal Systems Auditors
- › Consultants
